

## Accessing the Sports Medicine and Orthopaedics Ebook Collection

OVID is the platform through which you can access the Sports Medicine and Orthopaedics ebook collection purchased by the Francis Costello library with generous support of the Orthopaedic Institute.

Ebooks are electronic versions of printed books which are available for you to 'read' any time via an Internet connected computer, using your NHS Athens username and password. Alternatively, to browse/access the collection via the online library catalogue simply click on <http://www.shelib.nhs.uk/webview>.

### Searching the collection-

Go to <http://www.openathens.net/> and select Login to MyAthens

The screenshot shows the OpenAthens website interface in a Windows Internet Explorer browser window. The address bar displays <http://www.openathens.net/>. The page features the OpenAthens logo on the left and the eduserv logo on the right. A navigation menu on the left includes links for Service status, Documentation, Downloads, and Support. The main content area is titled "Users" and contains a section "What would you like to do?" with a list of options: "Login to MyAthens", "Find your organisation for local login...", "Forgotten your password?", and "Download the MyAthens toolbar...". An arrow points to the "Login to MyAthens" option. On the right side, there are sections for "News" (No news) and "Events" (Webinar: Hosted local authentication with OpenAthens, UKSG Forum: London, Webinar: OpenAthens for affiliates and alumni, More...), and a "Scheduled maintenance" link at the bottom.

Login using your Athens username and password.

Select Ovid Online from All Resources list

The screenshot shows the MyAthens Home page in Internet Explorer. The browser address bar shows the URL: <http://ip03.auth.athensans.net/my?ict=52233647-6a31c12-4a239c4ff01d86027fae823240afa>. The page has a navigation bar with 'Home', 'Resources', 'My Account', and 'Help'. A central 'All Resources' list includes 'Ovid Online'. A 'Favourite Resources' section has an arrow pointing to 'Ovid Online' in the 'All Resources' list. Other sections include 'How to use MyAthens', 'Tips', 'Recent Resources', 'Account Summary', and 'Mimas'.

**How to use MyAthens**

Move panels to another position on the page by clicking on .

Close panels that you do not want on your homepage by clicking on . To add them again go to 'Add panels'.

Minimise or maximise panels on the page by clicking or .

Group your favourites under one panel by ticking the box next to the resource in the Resources page.

Problems of access to resources should be reported to your Athens administrator (see Comments Form in Help).

Cross searching is not yet available on MyAthens but we are investigating this facility with Content providers.

**Favourite Resources**

To display your favourite resources here go to the Resources section, and tick the checkboxes next to the relevant name.

**Google Scholar**

**Mimas**

Service unavailable

Then select Books@Ovid

When searching in Books@Ovid, the default is Natural Language (or Basic Search). However, keyword searching is also available. All subject searches include the book text, including chapter headings, text and caption text. The text is divided into passages to provide a more focused and precise search. The results include the citation and passage as part of the results display, with a link to the full text in the book chapter.

Quick Search or the Searching Bar also offers Basic Search (Natural Language) mode in Current Book or All Books. Results contain the citation and access to Complete Reference and Ovid Full Text links, which offers access to both the chapter and passage.

### **Browsing Books -**

Select Books from the Main Navigation Bar to open the Books@Ovid: Browse Books screens.

- Browse All Books: presents all books in alphabetical order by title
- Browse by Title: presents a list of books beginning with the selected letter (or alphabetically similar)
- Browse by Subject: presents an alphabetical list of books about the selected subject

**Note:** A book may fall into many subject categories, choosing + (plus) shows further subject levels (or – to close), the icon offers subject definitions.

Open a book by clicking the book name or the book cover (when available).

**Note:** Covers may be hidden

The screenshot shows the OvidSP interface for Wolters Kluwer Health. At the top, there are navigation links for 'My Account', 'Title', 'Search', 'TOC', 'Support & Training', 'Help', and 'Logout'. Below this is a search bar and a navigation menu with 'Search', 'Journals', 'Books', and 'My Workspace'. The main content area displays the title 'Arthritis & Allied Conditions' and a breadcrumb trail: '> Table of Contents > Section II - Scientific Basis for the Study of the Rheumatic Diseases > Chapter 7 - The Structure and Function of Joints'. A search box is present with options for 'Current Book', 'All Books', and a checked 'Check Spelling' option. On the left, a vertical list of chapters is shown, with Chapter 7 selected. The main content area displays 'Chapter 7: The Structure and Function of Joints' by Paul H. Wooley, Michele J. Grimm, and Eric L. Radin. Navigation links include 'Back', 'Add to My Projects', 'Save', 'Print Preview', 'Email', and 'Email Jumpstart'.

**Book Table of Contents** page features include:

- Front of Book: information about authors and contributors, with links to chapters where appropriate
- Table of Contents: expands through volumes, divisions and chapters with full text links from the chapter level and below
- Back of Book: includes the Back of Book Index (when available) and access to any other Back of Book materials

**Note:** Table of Contents navigation elements may be hidden by unchecking the boxes (top right) when required.

## **Sports Medicine and Orthopaedic eBook collection**

This comprehensive package of 112 titles features quick-reference guides for easy consultation, as well as classic texts. The collection complements and adds to the library's existing provision, with many new titles covering all aspects of orthopaedics and sports medicine.

The collection includes handbooks like the 5-Minute Orthopaedic Consult, 5-Minute Sports Medicine Consult, and the Master Techniques in Orthopaedic Surgery (MTOS) Series, Rockwood & Green's Fractures in Adults and Rockwood & Wilkins' Fractures in Children.
