

REPAIR SERVICE

We offer a repair service for a variety of orthoses including: orthopaedic/adapted footwear, functional foot orthoses (FFOs), ankle foot orthoses (AFOs) and knee ankle foot orthoses (KAFOs). Examples of common repairs include:

- Resoling and heeling footwear
- Recover/refurbish FFOs
- Replacing worn Velcro straps and fastenings
- Servicing KAFO joints

Simply drop your orthoses into the orthotics' reception with details of your name, date of birth, address & hospital number. We will then contact you when your goods are ready for collection.

Internal workshop repairs

If you cannot be without your FFOs or AFOs we have a limited service available for repairs to be carried out on the day at Robert Jones Agnes Hunt Orthopaedic Hospital, Oswestry. This service must be pre-arranged with our Department of Manufacturing by ringing us on **01691 404442**. Please be aware that repairs can take up to two hours to be completed.
